Our Mission

This 5K was started by my husband Roger to honor our Black Labrador Dozer. We were unaware of the rate of which cancer strikes our canine loved ones. On December 24, 2019 we had to make the decision to let our buddy go. One week prior our boy started to act like there was something wrong. Of course at 12 he had slowed down, but within ten days of suspecting something serious we had to say goodbye to our best friend. After Dozer's passing we learned that one in three dogs are diagnosed with cancer....one in three! We are starting this run in the hopes that it will continue annually so that we can help make a difference in the race for the cure for canine cancer. If along the way we help bring awareness that will be amazing! We hope to grow each year and maybe venture out to help with treatment/care of animals and families that need aid. Thank you for helping us achieve our goals.
